

BHP 2025

21st Trade Fair for Occupational
Health and Fire Protection

4-5 MARCH 2025 MCK KATOWICE

bhp.fairexpo.pl

International Trade for Occupational Health

The largest industry trade fair in Poland

21st Trade Fair for Occupational Health and Fire Protection in Katowice is one of the largest occupational safety and health industry events in this part of Europe.

It provides a platform for presenting innovative solutions used in the occupational safety and fire rescue industry. This event serves the purpose of protecting life and health in the workplace, directly influencing the improvement of the quality of work and the safety of employees. It is also an excellent opportunity to establish prospective business contacts and a place for exchanging experiences in the field of occupational safety.

Complementing the rich and diverse exhibition of trade fair exhibitors is an open conference space where professionals share the latest knowledge.

We invite you to participate in the largest Occupational Safety and Health Trade Fair in Poland in 2025!

International Trade for Occupational Health 2025
MCK KATOWICE

BECOME AN EXHIBITOR AND JOIN THE BEST IN THE INDUSTRY

DEVELOPMENT

Your company can only benefit - with over 100 exhibitors from home and abroad, and over 4000 visiting specialists from the occupational safety and health industry.

EXPERIENCE

Our trade fair is a platform for exchanging experience and knowledge. New ideas are born during meetings, and during conferences and accompanying events, many new concepts and innovative solutions emerge.

MEETINGS

Through personal meetings at our trade fairs, you can build business relationships based on trust, showcase your solutions live, and understand the expectations of future clients

CONTACTS

This is where the entire occupational safety and health industry gathers, strengthening existing contacts and forging new ones. No email, phone call, or video conference can replace face-to-face interaction.
